Dear lawyer,

I seek a Swedish lawyer to assist in a case against Karolinska Institutet (KI) in Stockholm, Sweden. The Alliance Defense Fund (ADF) has sent demand letters to several Swedish institutions requesting that the issues with KI should be resolved in accordance to Swedish national law and to international law. However, none of Swedish institutions have replied in accordance to any of the demands. ADF has now advised that I seek a Swedish lawyer to assist in this case. If there is a lawyer in Sweden that accepts this case against KI, then I will apply to ADF to financially sponsor the case. I anticipate that this case can be taken to the ECHR.

Issues in this case are:

- 1) KI refusal to grade academic course assignment.
- 2) KI refusal to satisfactorily motivate reason for not yet passing academic course assignments.
- 3) KI denial of international scientific evidence in peer-reviewed published literature in internationally accepted journals.
- 4) KI false accusation that Torsten does not meet formal requirements for writing master thesis. KI later retracted from this false accusation.
- 5) KI refusal to allow Torsten an academic thesis supervisor. KI refuse provision of a KI supervisor and refuse to accept an external supervisor from Canada, whose professional academic record on the subject exceeds anyone at KI.
- 6) KI absolute refusal to communicate academically with Torsten.

Some of the materials relevant to the case are summarised here: www.nenzen.net/KI-short.pdf and www.nenzen.net/Karolinska_Institutet_Discrimination.pdf. Two additional documents are attached in this email.

Please write back to me and let me know if you can accept to work on this case.

Best regards,

Torsten Nenzén
